## ABOUT

---

I am a self-learning MERN Stack developer with interest in web development and JavaScript technologies. I have skills in HTML, CSS, JavaScript, and React.js, along with basic knowledge of Node.js, Express.js, and MongoDB. I enjoy problem solving and improving my programming skills through small projects and continuous learning. Currently seeking an internship opportunity to gain real-world experience and grow as a developer.

## EXPERIENCE

---

### Intern – Full Stack Development

Jan 2026 – Mar 2026

- Worked as an intern on full stack development tasks
- Developed multiple small features using MERN stack
- Worked on frontend and backend integration

### Major Project – Learning Management System (LMS)

- Developed a complete LMS as main project during internship
- Built frontend using React.js with responsive UI
- Developed backend using Node.js and Express.js
- Used MongoDB for database and CRUD operations
- Focused on authentication, APIs, and project structure

## PROJECT

---

### Online Quran Academy

Jun 2026

**Tech:** React.js, GSAP

**Live:** [online-quran-acdemy.vercel.app](https://online-quran-acdemy.vercel.app)

- Developed a visually appealing and responsive frontend for an Online Quran Academy using React.js
- Created smooth animations and an engaging user interface using GSAP to enhance user experience

### Car Wash Dashboard (Admin Panel)

May 2026

**Tech:** React.js, JavaScript, GSAP

**Live:** <http://fluffy-lebkuchen-9af68e.netlify.app>

- Developed a responsive Car Wash admin dashboard using React.js with a clean and modern UI
- Implemented an interactive interface to manage bookings and service overview with smooth user experience

### Chat Application (Full Stack Project)

Feb 2026

**Tech:** React.js, Node.js, Express.js, MongoDB

- Developed a full-stack chat application using MERN stack
- Implemented authentication, messaging, and contact management
- Added image/video upload and status features
- Built responsive UI and integrated backend APIs

## EDUCATION

---

### The Islamic High School - Matriculation (Science)

May 2021 - Apr 2023

**Naeem Islamic Academy (Private Candidate)-** Intermediate (F.A) Result Awaiting

Aug 2024 - Jun 2026

## SKILLS

---

**Languages:** HTML, CSS, JavaScript,

**Frontend:** React.js,

**Backend:** Node.js Express.js

**Databases:** MongoDB

**Soft Skills:** Problem Solving, Team Collaboration, Communication, Self-Learning

**Expertise in:** Object-Oriented Programming (Basic), Data Structures & Algorithms, Database Management (MongoDB), Frontend Development, Backend Development.
